WHEEL COVERS

Another cost effective ways to advertise your business 24 hours a day, 7 days a week, wherever you travel or park.

Why drive around with a blank wheel cover or worse still drive around advertising the business of the supplier of your vehicle! If your vehicle does not have a wheel cover or your require a new one all we need is the vehicle make and model and the tyre size (found on the rim of the tyre) and we can order one for you.

Choose from a semi-rigid SR ADVANCE black wheel cover which is extremely versatile and made from high quality material or a stainless steel wheel cover with a superb finish combined with the added security of an integral lock for that professional look. Both types of wheel cover are available in various sizes to fit all popular 4 wheel drives and can be printed with single or full colour graphics.

Either supply your own wheel cover or alternatively purchase one from us, then provide us with the details you would like on it e.g. logo, text, photo's etc. and we will do the rest. A visual representation of the wheel cover will be shown to you prior to completion to make sure you are completely satisfied with the layout.

As an alternative you could advertise your favourite sports club, hobby or put a picture of your pet on it!

Promotional printed mugs displaying a photograph, design or logo are ideal for corporate giveaways and personalised wacky gifts. We can print them either side or wrap the image around the whole mug. Individual names can be added at no extra cost and your minimum order is one. The mug is printed using a sublimation process, where the print lies under the glaze of the mug therefore making it scratch resistant.
